|                         |                  |
|-------------------------|------------------|
| Density (EN ISO 2811-1) | 0,87kg/L (±0,05) |
|-------------------------|------------------|

**Appearance**                      Transparent

**Packing**                              18L, 5L and 1L in metal cans

**UFI code**                              1V90-F0N2-4002-WASH

**Storage stability**                      2 years, stored in its original sealed packing, protected from frost, humidity and exposure to sunlight

The information supplied in this datasheet, concerning the uses and the applications of the product, is based on the experience and knowledge of NEOTEX® SA. It is offered as a service to designers and contractors to help them find potential solutions. However, as a supplier, NEOTEX® SA does not control the actual use of the product and therefore cannot be held responsible for the results of its use. As a result of continual technical evolution, it is up to our clients to check with our technical department that this present data sheet has not been modified by a more recent edition
